

Awarding of the 2015 DENR Official Seal of Approval to EDC-Green Core Geothermal, Inc.

EDC Green Core Geothermal

The Philippine Environment Partnership Program (PEPP), pursuant to DENR Administrative Order No. 14 (Series of 2003), is a DENR partnership program that aims to support industry self-regulation towards improved environmental performance. The EDC Green Core Geothermal, Inc., a geothermal powerplant located in Leyte, bagged the DENR Seal of Approval under the PEPP's "Track 1 Category" and the sole awardee for 2015. The awarding activity was held last 12 October 2016 at the H2O Hotel in Manila.

Under Track 1, industries are recognized for their initiatives that go beyond compliance which means they should have had no cases filed with the Pollution Adjudication Board for three years prior to the date of application, they are in full compliance with all applicable environmental laws, and have demonstrated superior environmental performance such as implementing successful environmental management system, pollution prevention or waste minimization initiatives and community or social responsibility programs.
